

BAPTIST MEDICAL PARK – AIRPORT

We are growing to improve your access to Baptist Health Care’s quality services and programs. Baptist Medical Park-Airport will feature Andrews Institute for Orthopaedics & Sports Medicine, Baptist Heart & Vascular Institute, Baptist Medical Group primary and specialty physicians, imaging and lab services. Urgent care for minor illnesses and injuries will be a key service offering on the campus. With connectivity to the Andrews Institute, patients with orthopaedic injuries will have on site access for a more seamless transition to specialty care when necessary. Located at the entrance of Pensacola International Airport, this \$6 million project is an investment for the better health of our community for many years to come.

Opening: Early 2017

Project investment: \$6 million

Square feet: 24,360

Anticipated new jobs: 25

Developer: Catalyst CRE

Contractor: Williams-Brown

Architect: George Koper Associates
